preparatory to budding and if the present weather lasts a few days longer nearly all the fruit will be killed.

The school-book board of Pocahontas county met here last Saturday and adopted for the next five years the same books now in use in the county with the addition of Carpenter's Geographical Readers for supplementary reading. This we think is a wise move on the part of the board and will prevent a change of books for at least five years unless the present session of legislature passes a uniform school-book law.

The nurses of The Marlinton Hospital held a banquet at the Hotel last Friday evening in honor of Miss Wilson of the Hinton Hos-

this road and is whereabouts.

The trains will slide between Cass and were. The wires are messages can by telegraph slides were (Thursday) allowed to time a special box car and run through several hours.

SALE OF SCHOOL LANDS.

Pursuant to a decree of the Circuit Court of Pocahontas County, West Virginia, entered therein at the January term thereof, 1907, in the chancery cause of the State of West Virginia vs Waste and Unappropriated Lands, I will on the

2ND DAY OF APRIL, 1907,

being the first day of the April term of said Court, proceed to sell by way of public auction to the highest bidder, for cash, in front of the court house of said county, the following real estate in said county, viz:

A tract of 81 acres lying on the waters of Greenbrier river in the Levels District adjoining the lands of A. Rankin and others. Said lands are well timbered with hemlock and other valuable timbers, and lying on the railroad it is a very valuable piece of land. Timber men should look these tracts over and be ready for them on the day of sale.

A. D. WILLIAMS,
Comm'r of School Lands.

as all-round players are valuable
additions to the team,

Prof. Burns has recently finish-
ed taking the enumeration of the
school youth of the town of Mar-
linton. While performing this
duty he took a careful census of
the persons residing within the cor-
porate limits of the town and
found the number to be 802. Per-
sons who have placed the popula-
tion at from 1200 to 1500 have an-
other guess coming. This, howev-
er is a good increase, when we take
our sister towns into consideration.
The population of Marlinton in
1900 was 171; in less than seven
years it has increased nearly 400

BOARD OF EDUCATION

Held Annual Meeting and Fixed Salaries of Teachers for Coming Year.

The new Board of Education of Edray district met last Monday and transacted a large amount of business although the levy was not laid owing to the assessor's books not yet being in shape. All the members of the board were present. The board consists of Grant Smith, president, John E. Barlow and R. A. Kramer. J. H. Patterson, the former secretary of the board tendered his resignation and the same was accepted. T. D. Moore was elected secretary of the new board.

The following trustees were appointed for the several sub-districts:

- Swago—Joe Pennell, Cam
- Armstrong and C. L. McNeil.
- Hefner—Gov. Sheets, M. W.
- and L. A. Hefner.
- A. W. McNeil, J. L.
- and E. G. McNeil.

Teachers' salaries were fixed as
follows: first grade \$40. second
grade \$35, third grade \$27 50.

The following order was enter-
ed with reference to the Marlin-
ton schools: "It is ordered that
the teaching force of the Marlin-
ton Graded School be composed
of a principal and four assistants
for the ensuing school year, the
principal's salary to be \$125 per
month and the assistants each
\$50.00 per month, and the term
to be eight months. It is further
ordered that L. W. Burns be ap-
pointed to the place of principal,
and Miss Anna Wallace, Miss
Sallie Wilson and Mrs. Bessie
Johnston to three of the assist.

normal for a fatigued person.

The participating attorney and
deceased by being null and void in
revenue interest of defendant for
distribution of school income in
Oswego in the spring of 1934
by the DeWitt Enterprise Co.

Deceased persons were selected for
tax credit at DeWitt County near Oswego
for the year for the selected persons
and for their selected children in
the lower Middlebury academy. The
persons were also ordered in sev-
eral other houses.

John Garkow, a workman of
Surrey Township near Harris-
burg Pa has a string of rattles and
a piece of skin of a copper beaver
which he claims the skin of two
beavers he recently received him
skins of another year
he says in the world

The following table shows the results of the regression analysis for the dependent variable "Number of children" (N = 1,000). The independent variables are "Age" and "Gender". The results are presented in the following table:

Variable	Coefficient	Standard Error	t-statistic	p-value
Age	0.05	0.01	5.00	0.000
Gender	0.10	0.02	5.00	0.000
Constant	1.50	0.10	15.00	0.000

The results indicate that both "Age" and "Gender" are significant predictors of the number of children. The coefficient for "Age" is 0.05, indicating that for every unit increase in age, the number of children increases by 0.05 units. The coefficient for "Gender" is 0.10, indicating that for every unit increase in gender, the number of children increases by 0.10 units. The constant term is 1.50, indicating that the expected number of children is 1.50 when both "Age" and "Gender" are zero.

1. The first part of the report is a general statement of the purpose of the study. The purpose of the study is to determine the effect of the new curriculum on the students' learning.

2. The second part of the report is a description of the study. The study was conducted in a classroom of 25 students. The students were divided into two groups: a control group and an experimental group. The control group was taught the old curriculum, and the experimental group was taught the new curriculum.

3. The third part of the report is a description of the data. The data were collected from the students' test scores. The test scores were collected at the beginning of the study and at the end of the study.

4. The fourth part of the report is a description of the results. The results of the study show that the new curriculum had a positive effect on the students' learning. The students in the experimental group scored higher on the test than the students in the control group.

5. The fifth part of the report is a conclusion. The conclusion of the study is that the new curriculum is more effective than the old curriculum.

In the article in question, the shoe
evidently fit pretty well. The
truth, you know, is what hurts,
and we always try to publish noth-
ing but facts.

There are several things Mar-
linton can well boast of, among
which is our excellent school fac-
ilities. We doubt very much if
any town in the state of this size
has so good a school building as
centrally located. With a corps
of the best teachers in the state it
is not necessary for our people to
send their children away to re-
ceive an education, unless they
want to put on the finishing
touches or, of course, to put on a
few airs.

It looks as though the tax pay-
ers of Marlinton sub-district were

has six rooms. The school will
open Sept. 16th

Dick English, an old time
woodsman, was in Marlinton this
week for the first time in several
years visiting friends. Dick is
one of the few old time "loggers"
who was here when this

was a clerk at Marlinton
and a principal church
complex. The reason
given were contributed
by her pastor, Rev.
ton, and her remaining
the children graveyard
at pool, Va., for her
land and mother's
the sympathy of
community.

unity to hear an exceptionally
fine lecture.

The public schools will open here
next Monday. Principal Burns
desires that all children enter
school on the first day so that
classes may be organized and con-
tinued without interruption. Bet-
ter work can then be done than
have pupils enter after the work
has already started.

School Report.

I beg leave to submit a report of my first month's school known as the Beaver (Lick School):

Pupils enrolled; boys 9, girls 14; total 23; boys present 106 days, girls present 215 days; boys absent 28 days, girls absent 16 days; boys non-member 45 days, girls non-member 50 days; average daily attendance, boys 6; girls 10; total 16; per cent of daily attendance, boys 80; girls 90; deportment good.

Little Duff Piles brings in the best paper on the "Chestnut Tree" in the composition class. Though the pupils have had little training in composition work, I find they are excellent in this school.

It is to be hoped that the teachers will
make every effort to come to the Institutes
and that as many members of the Boards
of Education as possibly can will be pres-
ent also. Prof. Friend should be greeted
by a packed house at each of his lectures.

School Report.

Report of the Green Hill School for the
last month: Pupils enrolled, boys 17;
girls 6, total 23. Per cent of daily atten-
dance, boys 100; girls 98. The following
are the names of those neither absent nor
tardy:

Mamie Jackson, Ethel Jackson, Annie
McCapin, Chas. Sharp, Lanta Sharp,
Lock Sharp, Frank Sharp, Claude Mc-
Laughlin, Price McLaughlin, Gray Mc-
Laughlin, Cecil Curry, Lee Jackson, Lee
Gay, Chyle Eubanks, Ashby Eubanks,
Steril Woodell, Clive Woodell.

to be removed.

The Campbelltown graded school was compelled to close this week after being in session for six months for lack of funds to continue it longer. Upon petition of the patrons of the school the board ordered an eight months' term and laid an extra levy of five cents in that sub-district to continue the school the extra two months. This extra levy was hardly enough to pay the teachers the increased salary asked for by the taxpayers at Campbelltown. The reduction in the assessment in this district by the circuit court runs the school fund considerably under the estimate made by the board.

Think of this you vote in the Lovels
district who have a daughter who is now
contemplating entering the teaching profes-
sion.

A good High School in a community
will draw the better class of people from
other sections and from other states. A
man of progress, seeking a new home,
will inquire first of all into school condi-
tions. If good schools are lacking he is
sure to locate elsewhere no matter how
favorable other conditions are. If the
people of the Lovels desire the very best
class of settlers to come among them,
they will vote for the levy to establish a
High School.

With a good High School, the Lovels
district will 'out-shine' any of the other
districts in Pecos county along edu-
cational lines.

Few first grade certificates were made
in Pocahontas county in the uniform ex-
amination last year. One of these was
made by a lady coming from another
state only a week before the examination.
She was not familiar with some of the
branches taught in this state, notably
State History, State Government and the
geography of the state, but she was a
High School graduate and she went
through the examination with colors fly-
ing. This year she is making one of our
most successful teachers at a good salary.
Think of this, you voter in the Levels
district, who have a daughter who is con-
templating entering the teaching profes-
sion.

Mrs. James Gragg.

Belle, wife of James Gragg, died at her home near Frost Friday, July 21 1911, after a short illness, of measles, aged 49 years, 11 months and 21 days. Mrs Gragg was a daughter of the late Zane Grimes, and an estimable lady. She leaves a husband and five children—three sons and two daughters. Her remains were laid to rest in the Clark Dilley graveyard in the Busaard neighborhood near Dunmore Saturday.

True friends have no solitary joy or sorrow.

SCHOOL OPENING	
The Public and High School of Marlinton will open Monday September 11, 1911.	
We hope to see every boy and girl of school age present on that day, and may they be present every day that they may not fall behind their grades and receive full benefit of the school.	
The High School is open free of tuition, to every boy and girl of Edway District who has completed the "Common school" branches, and we invite every boy or girl of the district to take advantage of this opportunity to get a thorough preparation for college at home.	
TO THE PARENTS: Permit me to say that the high school period of the boy or girl life, is the most critical, because it is the period that largely determines what the future life of the boy or girl will be. How important then that they be sent to a good school at home, where they may be under the direct oversight of their parents, and where they may not come under evil influences and fall into ways of wickedness and vice. The home and the school should be mutually helpful, and each should exercise its influence for the good of the boy or girl. The school needs the hearty cooperation of every patron, and the school suffers when you withdraw your help or when you give cold, mistaken criticism, instead of timely counsel or sympathy. Send your boys and girls to the school and with them, send your kind sympathy, and success will be the result.	
C. B. CORNWELL, Principal.	
Stammering is practically unknown in civilized countries.

T

There remains but five weeks of our school and it is with much regret that we see the term drawing to a close as we think of the great amount of work the scholars might yet accomplish had they but two more months of training. The examinations for free school diplomas will be held here Thursday and Friday. All pupils not holding state diplomas should take this examination.
